

标题：《时间旅行者的妻子》原著小说 Audrey Niffenegger: The Time Traveler's Wife - 最新更新 (2010-02-03)

A dazzling novel in the most untraditional fashion, this is the remarkable story of Henry DeTamble, a dashing, adventuresome librarian who travels involuntarily through time, and Clare Abshire, an artist whose life takes a natural sequential course. Henry and Clare 's passionate love affair endures across a sea of time and captures the two lovers in an impossibly romantic trap, and it is Audrey Niffenegger 's cinematic storytelling that makes the novel 's unconventional chronology so vibrantly triumphant. An enchanting debut and a spellbinding tale of fate and belief in the bonds of love, The Time Traveler 's Wife is destined to captivate readers for years to come.

The Time Traveler 's Wife, published in 2003, is the debut novel of American author Audrey Niffenegger. It is a love story about a man with a genetic disorder that causes him to time travel unpredictably, and about his wife, an artist, who has to cope with his frequent absences and dangerous experiences. Niffenegger, frustrated in love when she began the work, wrote the story as a metaphor for her failed relationships. The tale 's central relationship came to her suddenly and subsequently supplied the novel 's title. The novel, which has been classified as both science fiction and romance, examines issues of love, loss, and free will. In particular, it uses time travel to explore miscommunication and distance in relationships, while also investigating deeper existential questions.
